

LOGIBALL BOREHOLE INJECTION PACKERS

Inflatable

Mechanical

Logiball can design & build a variety of injection packers, whether mechanical or inflatable. Some of these applications include :

- permeability testing,
- chemical injections,
- borehole plugging
- fracture testing,
- cementitious injections,
- well packers.

Custom made products

MECHANICAL TEST PLUGS

Stainless steel and steel parts.
Used for low & medium pressure testing.
Available from 2" through 6" pipe with or without flow-thru.

MEDIUM & HIGH PRESSURE PLUGS

Custom fabricated single size medium & high pressure plugs with flow-thru design. Steel and stainless steel mandrel cores are available. Multiple layers of nylon reinforcement in a thick SBR rubber sleeve cover the mandrel core.

Custom made designs for high pressure injection and well packer plugs are available.
